

Ready To Learn.

The Learning Triangle - February 2010 *Dental Health*

The Learning Triangle is teaching young children through a combination of: TV that teaches + storybooks + activities (all related to one theme or skill.) **READ, DO, VIEW.**

READ - *"Going to the Dentist"* by Anne Civardi. This book gently introduces young children to a situation they may find themselves in for the first time, going to visit the dentist. This wonderful book takes them step by step through a visit to the dentist by two children their own age.

VIEW - *Arthur's Tooth*. Everyone in the class has lost a tooth except Arthur. When he finally has a loose tooth, he tries everything to get it out, but it won't budge. And to make things worse, Francine just won't quit teasing him about it! Will Arthur have to go through life with a mouthful of baby teeth? *Watch Arthur on WJCT (channel 7 and Comcast channels 8 and 440) weekdays at 7 a.m. and 5:30 p.m. and Sundays at 8 a.m.*

DO - Remind your child how important it is to visit the dentist and have good oral health. Start your child young with brushing their teeth twice a day. Make an appointment with your dentist for your child to sit in the dental chair, have the dentist or hygienist "count" their teeth (do a simple exam) and schedule a follow up appointment if necessary. If you haven't been to the dentist recently yourself; make the call, keep the appointment and show your child your pearly whites!

See how easy it is to use the Learning Triangle?
Try it yourself and watch your child learn!
