

What's On WJCT This Summer?

PBS KIDS *Ready To Learn* programming encourages a child's natural curiosity and love of learning. It is a treasure chest of early learning tools: children's morning and afternoon broadcasts on PBS, local workshops, partnerships with community organizations and free educational materials - such as newsletters, children's books and learning activities. Together, these exciting tools can help caregivers, parents and teachers help their children start school "ready to learn." WJCT is committed to offering the following *Ready To Learn* line-up of quality children's television programming. (*Visit wjct.org/tv/schedule for current days and times.*)
