

Reading Activities at Home

Children spend a lot of their time at home. You can support your child's learning while you do daily chores. You can invite your child to help you, or you can provide an activity for your child to do close to you. That way, you can talk and listen to your child while you work.

Baby/Toddler

Pretty Picture. Make sure your baby has interesting things to look at while you are busy around the house. A colorful picture or a vase of flowers in front of her will get her attention. Her favorite thing to look at is you! As much as possible, place her where she can see you and hear you as you work. Talk to her about what you are doing using simple language like "Watching baby, watching baby, washing dishes, watching baby!"

Pots and Pans Music. While you work in the kitchen you can keep your baby close. Give her some light pots and pans of different sizes. Then give her a wooden spoon. She can make music while you use words like loud, soft, bang, and tap. Show her what the words mean by using your body and voice too. For example, when you say "That's so loud!" cover your ears. When you say "That's so soft!" speak in a whisper.

Recycle Problem-Solving. Toddlers love to create and solve problems using simple materials. Give your child some clean recycled items like cans of different sizes. Make sure there are no sharp edges. He will spend a long time fitting the cans inside of each other. As he works, introduce words like small, medium, large, inside, and fit.
